CHARMIE ALLSTÄD AB

On behalf of my family and to the rest of Yolanda victims, I would like to say thank you to Swedish people who's kindly reaching out their financial assistance, to give food for those who are hungry & for the large-hearted woman Emelita Gacutan who's donating also & making efforts towards her co-filipinos to provide help especially those who need most of it... These means a lot to us, and once again thank you very much for your kind support, GOD sees it and He will give it back to you a hundred folds for the good deeds you have done!
